

1. Home

The screenshot shows a dark-themed website. At the top left is a large, stylized red 'WA' monogram. To its right is a navigation bar with links: Home, Services, Projects, Skills, Certification, and About. Below the monogram, the text "Hello, I'm" appears in white, followed by a larger, bolded name "Winton Almundarisna" in red. Underneath the name is the subtitle "Fullstack LARAVEL Developer" in white. To the right of the text is a circular profile picture of a young man with short dark hair, wearing headphones, set against a red background. Below the profile picture is a small red banner with the text "Winton On" and a crown icon. On the left side of the main content area, there is a paragraph of text: "Three year's using LARAVEL Framework, MySQL, and Bootstrap. I'm better at backend web developer than frontend web developer". Below this text is a red button with the white text "Let's Talk". Further down, there is a section titled "Check Out My" followed by three social media icons: a mail icon, a GitHub icon, and a LinkedIn icon.

2. Services

The screenshot shows a dark-themed website section titled "My Services". It features three service cards arranged horizontally. Each card has a title, an icon, and a brief description. The first card is for "Ui/UX Designer" and shows a blue icon of a wireframe. The second card is for "Frontend Developer" and shows a blue icon of a code editor. The third card is for "Backend Developer" and shows a blue icon of a database with a lock. Below these cards is a section titled "My Projects" in red.

Service	Icon	Description
Ui/UX Designer	Wireframe icon	I will make responsive web design with figma fo you
Frontend Developer	Code editor icon	I will program your web design with all responsive you have
Backend Developer	Database icon	Don't worry about database, I will make safe Restfull API for U
